

## Industrial Printers - Self-laminating Cable Wire Labels

### Duratran™ Self-Laminating Cable & Wire Label

A clear vinyl film label used to identify cables and wires. A white write-on area is provided with each label to provide adequate visual separation from the cable or wire being labeled. Recommended ribbons: TMX3000 Series.

3"ID, 5"OD

Minimum Application Temperature: 50°F. Service Range: -20°F to 140°F.
